• **Kadıköy Dock**

Kadikoy Dock is one of the places where the silhouette of Istanbul can be seen most beautifully at sunset.

• **Haydarpaşa Railway Station**

In 1871 Sultan Abdülaziz ordered the first railway line to be built from Haydarpaşa in Istanbul to İzmit. Haydarpaşa station (Tr: Haydarpaşa Garı) was the main city terminal until 2012 for trains traveling to and from the Anatolian side of Turkey. It used to be Turkey's busiest railway station. The station building still houses the headquarters for District 1 of the State Railways but since a fire in 2010 the station has not been in use and its future remains uncertain.

• **Kadıköy Haldun Taner Stage**

Kadıköy Haldun Taner Stage (Turkish: Kadıköy Haldun Taner Sahnesi) is a theatre venue located in Kadıköy. The theatre is named in honor of the Turkish playwright Haldun Taner (1915- 1986).

After its complete renovation in 1984, the building was assigned to Istanbul University for use as a conservatory in 1986.

• **Bull Statue**

The Bull Statue in Kadıköy is one of the symbols of the Asian side of Istanbul. It is located in Kadıköy Altıyol (Eng. Six roads), in the middle of an intersection that connects six roads. Because of its history and location Kadıköy Bull Statue is one of the most popular symbols and busiest meeting points in Istanbul. The Bull Statue has traveled from Paris to Istanbul and is more than 150 years of age.

• **Nazım Hikmet Culture Center - Piraye Café**

The tour will take a break at Piraye Café. Those who want, can eat or drink within their own budget.

• Moda Seaside

Moda is a very peaceful and green neighborhood of Kadikoy. The Moda Coastal Park is one of the most well-known and stunning areas on Istanbul's Anatolian shore.

The place became an outstanding residential area only after the 1870s, when wealthy non-Muslims settled down there by building their own mansions. It is a multi-cultural place with Armenian, Greek and Anglican churches, Georgian art house, theaters, French Lycée Saint-Joseph, Kadiköy Anatolian High School, old curiosity shops, fish and international food restaurants.
