

# 19th European Conference on Software Architecture (ECSA)

15 - 19 September, 2025 | Limassol, Cyprus

The European Conference on Software Architecture (ECSA) is the premier European software architecture conference, providing researchers, practitioners, and educators with a platform to present and discuss the most recent, innovative, and significant findings and experiences in the field of software architecture research and practice. The 19th European Conference on Software Architecture (ECSA 2025) will be held from September 15 to 19, 2025.

ECSA 2025 is planned as an in-person/physical conference, with the events taking place in Limassol, Cyprus.

- **General Chair**

Cesare Pautasso, University of Lugano,  
Switzerland

- **General Co-Chair**

Vasilios Andrikopoulos, University of Gronigen,  
The Netherlands

- **Program Co-Chairs**

Nour Ali (Brunel University, UK)  
Jacopo Soldani (University of Pisa, Italy)

- **Local Chair:**

George A. Papadopoulos,  
University of Cyprus, Cyprus

## Cyprus

Cyprus is situated at the north-eastern end of the Mediterranean Sea, and it is the sunniest and third largest Mediterranean island. It is a Tourist destination all year round but especially in the Summer months it attracts tourist thrice the number of its population. Crystal clear seas along with tidy and neat beaches, which are amongst the cleanest in Europe, make visitors feel like they are in a place blessed by nature. From the warm sea coasts, in an hour's

drive, you can easily reach the fresh and cool air of the Troodos mountains, famous for their geology and the rich cultural attractions. Very attractive are also the picturesque traditional countryside villages, offering the warmest hospitality, the Mediterranean healthy cuisine and fine local wines and beer. Cyprus enjoys mild winters, longer summers and short autumn and spring periods. This typical Mediterranean climate is attractive, especially to Europeans wishing to escape from cold weather in their home countries.

## Limassol

Limassol, a city counting centuries of history, is located between two of the most renowned ancient kingdoms of the island, Amathous at the east and Kourion at the west. "Lemessos" as it is called by locals, is the second largest urban area in Cyprus (after the capital, Nicosia) and its municipality is the most populous in the country with 235,000 inhabitants (2011 Census).

Limassol is one of the fastest growing modern metropolises in Europe. The city's infrastructure is constantly upgraded from all aspects (way of living, public construction projects, education, etc) with the most distinct project of this sort being the Limassol Marina – an exclusive waterfront development combining elegant residences and a full service marina, with its own shopping and dining area. Also, the revamped coastline now covers a 15 kilometres distance, lined with hotels and beach bars and cafes, interspersed with eucalyptus groves and linked by a promenade popular with walkers and joggers.

## The Venue - St. Raphael

St. Raphael Resort is located on one of the most renowned beaches in Limassol, only a short coastal drive from the lively centre of town, approximately 10 minutes away.

This carefully chosen, tranquil location with the calm sea at your doorstep and the town only a few moments away; has convenient access to the island's motorway. Any other coastal town, mountain village or tourist attraction is hardly more than an hour's drive away.
