

Guided Tour of Naples

April 3rd, 2025

Starting from the Federico II University Congress Center

The guided tour of Naples offers a unique opportunity to explore its history, culture, and stunning landscapes. Due to logistics reasons, we have arranged two tours.

- A. The tour starts at Castel dell'Ovo, Naples' oldest castle, offering scenic Gulf views and insights into the city's foundation.
- B. From there, we will enjoy a relaxing walk along the picturesque Seafront Promenade with views of Mount Vesuvius and the island of Capri.
- C. We will continue to Piazza del Plebiscito, one of the most iconic squares in Naples, delving into the fascinating blend of history and legend surrounding the founding of Parthenope, the first settlement of what is now Naples.
- D. Next, we'll visit the Royal Palace, a 17th-century landmark that housed Spanish, Austrian, and Bourbon rulers before becoming home to the House of Savoy after the Unification of Italy. Today, it houses the National Library and a museum, showcasing Naples' royal history.
- E. Moving forward, we will admire the stunning Galleria Umberto, the exteriors of the San Carlo Theatre, and the imposing Maschio Angioino, before reaching the renowned Gallerie d'Italia Collection.
- F. The Gallerie d'Italia Collection features an impressive array of paintings of Naples landscapes and Greek vases. It also offers a special exhibition of Raffaello's 'Portrait of Young Woman with Unicorn' painting (1505) and Andy Warhol's renowned works, including 'Triple Elvis' (1963), pieces dedicated to Marilyn Monroe, and two versions of Warhol's 'Vesuvius' from the Intesa Sanpaolo collection.

Information for the Tour participants

To ensure smooth organization, guided tours have been scheduled in groups with staggered departure times. Each participant has received a colored card in the registration kit, which identifies their assigned group (from 1 to 7), ground floor meeting room (A, B, C), and departure time. This card is essential for the tour - please make sure to bring it with you when attending the visit. At the scheduled time, proceed to your assigned room to meet your group and guide. Your guide will provide final instructions before departure. The tour will last approximately three hours, including travel time. To fully enjoy the tour, it is recommended to avoid bringing heavy bags, which can be left in the cloakroom of the Congress Center.
