ACM/IEEE 27th International Conference on Model Driven Engineering Languages and Systems is the premier conference for model-driven software and systems engineering. MODELS 2024 is a forum for participants to share the latest research and practical experiences around modeling, modeling languages, and model-based software and systems engineering. Respective contributions advance the fundamentals of modeling and report applications of modeling in areas such as cyber-physical systems, embedded systems, socio-technical systems, cloud computing, big data, machine learning, security, open source, and sustainability.

### ACM/IEEE 27th International Conference on Model Driven Engineering Languages and Systems is the premier conference for model-driven software and systems engineering. MODELS 2024 is a forum for participants to share the latest research and practical experiences around modeling, modeling languages, and model-based software and systems engineering. Respective contributions advance the fundamentals of modeling and report applications of modeling in areas such as cyber-physical systems, embedded systems, socio-technical systems, cloud computing, big data, machine learning, security, open source, and sustainability.

The workshops will be held from September 22 – 24, 2024 at the Johannes Kepler University Linz. All accepted papers will be published in the ACM companion proceedings of MODELS 2024.

### Workshops

1. **1st International Workshop on Sustainability and Modeling (SusMod)**  
   Organizers: I. David, D. Bork and J. Michael  

2. **6th Workshop on Artificial Intelligence and Model-driven Engineering (MDE Intelligence)**  
   [https://mde-intelligence.github.io/](https://mde-intelligence.github.io/)

3. **International Workshop on Collaborative and Participatory Modeling (CoPaMo)**  
   Organizers: I. David, A. Gutschmidt and L. Marchezan  
   [https://copamo.github.io/](https://copamo.github.io/)

4. **Workshop on Modeling in Automotive System and Software Engineering (MASE)**  
   Organizers: A. Bucaioni, J. Atlee, J. Dingel and S. Kokaly  
   [https://www.es.mdu.se/mase2024/](https://www.es.mdu.se/mase2024/)

   [https://fpv.m.org/](https://fpv.m.org/)

6. **11th International Workshop on Multi-Level Modeling (MULTI 2024)**  
   Organizers: G. Mezei, C. M. Fonseca and F. Macias  
   [https://multi-workshop.github.io/](https://multi-workshop.github.io/)

7. **Workshop on Low-Code Development Platforms (LowCode)**  
   Organizers: D. Di Ruscio, A. Garmendia, D. Kolovos and M. Tisi  
   [https://lowcode-workshop.github.io/](https://lowcode-workshop.github.io/)

8. **Workshop on Multi-Paradigm Modelling for Cyber-Physical Systems (MPM4CPS)**  
   Organizers: M. Amrani, R. Paredis, J. Exelmans and R. Heinrich  

9. **First International Workshop on Model Management (MoM)**  
   Organizers: D. Blouin, S. Guerin, V. Amaral, A. Bhobe, C. Boudjemila and J. Almeida  
   [https://mom2024.wp.imt.fr/](https://mom2024.wp.imt.fr/)

10. **Workshop on Models and Evolution (ME)**  
    Organizers: D. Eddine Khelladi, J. Di Rocco and D. Tamzalit  
    [https://models-and-evolution.github.io/](https://models-and-evolution.github.io/)

11. **Workshop on Model Driven Engineering, Verification and Validation (MoDeVVa)**  
    Organizers: S. Bin Abid, J. Kosiol, R. Mittal, I. Ober and E. Posse  
    [https://sites.google.com/site/modevva/](https://sites.google.com/site/modevva/)

12. **Workshop on Modeling Language Engineering (MLE)**  
    Organizers: E. Seidewitz, A. Bucchiarone and D. Leroy  
    [https://mleworkshop.github.io/editions/mle2024/](https://mleworkshop.github.io/editions/mle2024/)

    Organizers: J. Kienzle and S. Zschaler
